

1 **EC - Type Examination Certificate**

2 Equipment intended for use in Potentially Explosive Atmospheres Directive 94/9/EC

3 Certificate Number: ExVeritas 15ATEX0061X Issue: 1

4 Equipment: LED Light PELI 3315RZ0 and 3315RZ1 with optional right angle adaptor

5 Manufacturer: Pelican Products Inc

6 Address: 23215 Early Avenue
 Torrance
 USA - CA 90505

7 This equipment and any acceptable variation thereto are specified in the schedule to this certificate and the documents therein referred to.

8 ExVeritas, Notified Body number 2585 in accordance with Article 9 of the Council Directive 94/9/EC of 23 March 1994, certifies that this equipment or protective system has been found to comply with the Essential Health and Safety Requirements relating to design and construction of equipment and protective systems for use in potentially explosive atmospheres given in Annex II to the Directive.

9 Compliance with the applicable Essential Health and Safety Requirements has been assured by compliance with the following Standards and section 16 of this certificate:

EN 60079-0:2012+A11:2013 EN 60079-26:2007
EN 60079-11:2012 EN 60079-28:2007

10 If the sign "X" is placed after the certificate number, it indicates that the equipment is subject to special conditions for safe use specified in the schedule to this certificate.

11 This EC-Type Examination Certificate relates only to the design, construction, examination and tests of the specified equipment or protective system in accordance to the Directive 94/9/EC. Further requirements of the Directive apply to the manufacturing process and supply of this equipment or protective system. These are not covered by this certificate.

12 The marking of the equipment shall include the following:

 II 2G Ex ib op is IIC T4 Gb (PELI3315RZ1)
 II 1G Ex ia op is IIC T3 Ga (PELI3315RZ0)

No. 8613

Schedule

13 Description of Equipment or Protective System

The LED Light PELI 3315RZ0 and 3315RZ1 comprises an enclosure constructed from a plastic material that has two parts, one part includes the lens, a power LED and the internal connector for the second part which includes the main circuit and the Li-ion cell that power the system, an angle adapter is also available as an optional part. The main circuit is conformal coated and located inside of a secondary plastic enclosure, which is fixed to the main enclosure by screws providing an assembly that does not allow the access to the Li-ion cell without the use of a tool.

The Li-ion cell is provided with a protective circuit that is potted and sealed with the cell, creating a single unit not serviceable. The LED Light provides two pins outside of the main enclosure for connection with the Pelican Charger 3315R, these pins are intrinsically safe when not in use for charging.

Ratings:

3315RZ1: 1 x Li-ion rechargeable cell Samsung ICR 18650-30B

3315RZ0: 1 x Li-FePO4 rechargeable cell K2 18650E02

The cells are only allowed to be charged by the Pelican standard charger model 3315R.

15 Conditions of Certification

15.1 Special Conditions for Safe Use

The models PELI 3315RZ0 and 3315RZ1 shall only be charged with the Pelican 3315R charger, the use of any other charger will invalidate the intrinsically safe type of protection.

15.2 Conditions for Use

None.

16 Essential Health and Safety Requirements

Essential Health and Safety Requirements are addressed by the standards listed in section 9 and where required the report listed in section 14.1

The manufacturer shall inform the Notified Body of any modifications to the design of the product described by this schedule.
