

PRODUCT NUMBER: 1788010

PLASTIC CANISTER RD40 B2

Overview

Reference Number

1788010

Product Type

Respiratory Protection

Range

Reusable APR

Brand

Sperian

Brand formerly known as

WILLSON

Industry

● Industry

Product Use

The B2 filter is used for protection against type B toxic gases according to the EN 141:2000 standard (i.e. inorganic gases and vapours).

This filter is used with a Sperian full-face mask using an RD 40 connector.

The full-face mask and B2 filter set must only be used when the toxic concentration is less than 2000 x TLV.

(TLV= TWA for 8 hours of work or STEL for 15 minutes of work)

(cf. INRS document ed. 780 "Respiratory protection devices").

They can only be used in sufficiently ventilated premises where the atmosphere contains a minimum oxygen volume of 17 %.

CHARACTERISTICS :

- Type 450 cc
- Lightweight and resistant plastic housing with plastic cover
- 106 mm in diameter

PLASTIC CANISTER RD40 B2 - 1788010

- Does not obstruct the field of vision
- EN 148-1 conforming threaded connection to the Sperian full-face mask, ensuring a reliable connection and an excellent seal
- Activated and impregnated coconut carbon
- Very high absorption efficiency.

The tests are carried out according to the B2 paragraph. The T Series Willson cartridges pass the tests by a significant margin.

PACKAGING :

Packaged individually in a sealed plastic sleeve.

In case of a claim on this product, please indicate the lot number shown on the label.

Features & Benefits

Feature

Coconut based carbon

Benefit

Safe

Feature

2 safety plugs

Benefit

Safe storage between periods of use

Feature

Inhalation port

Benefit

Easy tightness test

Feature

Comes in individual cardboard box

Benefit

- Safe - Easy storage

Feature

P3 filter

Benefit

Constant optimal filtration

Feature

XL

Benefit

Longer protection

Feature

Plastic casing

Benefit

Appreciable use in specific zones (high protection offered without metal)

Feature

RD 40 connection

Benefit

Multipurpose and can be introduced for use with existing respirators

Feature

Plastic

Benefit

- Acceptable for use in the Nuclear - Industry

Feature

Price

Benefit

Appreciable savings
