Honeywell

PRODUCT NUMBER: 1788020

PLASTIC CANISTER RD40 K2

Overview

Reference Number

1788020

Product Type

Respiratory Protection

Range

Reusable APR

Brand

Sperian

Brand formerly known as

WILLSON

Industry

Industry

Product Use

The K2 filter is used for protection against type E toxic gases according to the EN 141:2000 standard.

This filter is used with a Sperian full-face mask using an RD 40 connector.

The full-face mask and K2 filter set must only be used when the toxic concentration is less than $2000 \times TLV$

(TLV= TWA for 8 hours of work or STEL for 15 minutes of work) (cf. INRS document ed. 780 "Respiratory protection devices").

They can only be used in sufficiently ventilated premises where the atmosphere contains a minimum oxygen volume of 17 %.

CHARACTERISTICS:

PLASTIC CANISTER RD40 K2 - 1788020

- Type 250 co
- Lightweight and resistant PLASTIC housing with plastic cover
- 106 mm in diameter
- Does not obstruct the field of vision
- EN 148-1 conforming threaded connection to the Sperian full-face mask, ensuring a reliable connection and an excellent seal
- Activated and impregnated coconut carbon
- Very high absorption efficiency.

The tests are carried out according to the K2 paragraph. The Willson cartridges pass the tests by a significant margin.

PACKAGING:

Packaged individually in a sealed plastic sleeve.

In case of a claim on this product, please indicate the lot number shown on the label.

Features & Benefits

Feature

Coconut based carbon

Benefit

Safe

Feature

2 safety plugs

Benefit

Safe storage between periods of use

Feature

Inhalation port

Benefit

Easy tightness test

Feature

Comes in individual cardboard box

Benefit

- Safe - Easy storage

Feature

P3 filter

Benefit

Constant optimal filtration

Feature

XL

Benefit

Longer protection

Feature

Plastic casing

PLASTIC CANISTER RD40 K2 - 1788020

Benefit Appreciable use in specific zones (high protection offered without metal) Feature RD 40 connection Benefit Multipurpose and can be introduced for use with existing respirators Feature Plastic Benefit - Acceptable for use in the Nuclear - Industry Feature Price Benefit Appreciable savings
