### **Description**

A multi-purpose absorbent mat roll in a convenient box. The mat is designed to be used as traffic mat, a spill response mat, folded up to make a thick sock-like absorbent, or as heavy-duty wiper.

### **Application**

This mat can be used in four ways: 1. Spill response pad 2. Walk-on traffic mat 3. Folded up into a thick sock-like absorbent 4. Heavy-duty wiper

### **Features / Benefits**

- ☐ Absorbs oils, coolants, water and solvents and a wide variety of chemicals / Eliminates guesswork; one mat handles most liquids
- ☐ Tough, wear-resistant outer scrim / Holds up under heavy foot traffic
- ☐ Folds neatly and easily on the engineered score lines / Allows conversion from a roll, to a pad, to a thick sock-like absorbent, to a heavy-duty wiper
- ☐ Perforated every 25,5cm / Easy to tear off the roll to desired length; minimizes waste
- ☐ Packaged in a convenient, portable dispenser box / Keeps mat clean during storage and allows easy access when dispensing mat
- ☐ Dispenser box has a view port in each side / Easy to see how much mat remains in the box
