

FICHE TECHNIQUE / DATA SHEET

39002 / 39102

POUR INTERIEUR-EXTERIEUR/PAYS FROIDS

VASQUE: Inox.

EROGATEURS: A grand débit d'eau, aérée pour un lavage complet des yeux/visage.

MATERIAU: Tube acier zingué recouvert à chaud anti-corrosion.

POMME DOUCHE: Inox.

VALVE: Vidange automatique (Brevet français VPF).

NOTA: La valve à vidange automatique vidangera les conduits après chaque usage. Il est seulement nécessaire de chauffer l'alimentation d'eau et la valve pour être hors-gel (Brevet français VPF).

INDOOR-OUTDOOR USE/COLD COUNTRIES

BOWL: Stainless steel.

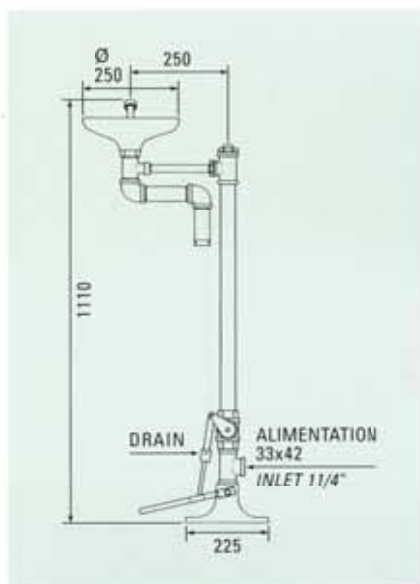

EYE-WASH HEADS: Large aerated water flow for complete eye/face decontamination.

MATERIAL: Galvanised steel pipe resin coated against corrosion.

SHOWER HEAD: Stainless steel.

VALVE: Automatic drain (VPF patent).

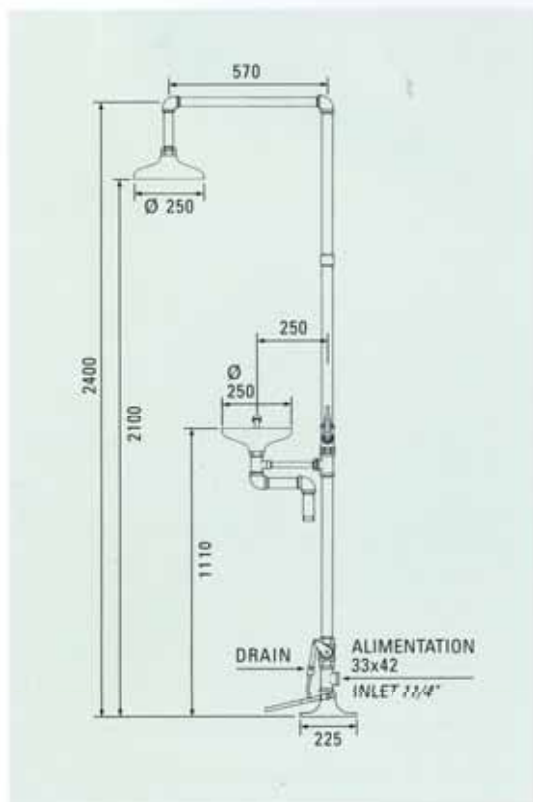

NOTA: The patented valve VPF drain-off-automatically all remaining water after each operation. It is just necessary to heat the feeding water piping and the valve to get freeze proof equipment (Patent pending).
